MONTAGUE WINS LEGION MARATHON FROM FAST FIELD

Aloysius Club Runner Leads His Teammate, Lynch, to Win.

Running under the colors of the Aloysius Club, Jimmy Montague, the speedy lad from the North Capitol had this fault who won't let you diamond studded gold medal in the American Legion's modified mara-

Once headed toward the White House, there was no stopping Montague, who seemed to find his way best in this distance, instead of in the twelve-mile hike. Jimmy kept an even keel all the way and finshed strong in a driving rain before the White House. His actual run-

clubman, furnished the real sensation of the day. Although finishing second, Mike ran one of the best races of his career and turned in the running time, 46:30, and finat the same clip.

In addition to winning a hand-some gold medal, Mike was present-ed with the Commander's Trophy, handsome silver loving cup, as captain of the winning team. other Aloysius Club man to was Eddie Bland, who ran the entire distance barefooted, finishing with blisters and cuts on both feet. Martin Runs Fourth.

Henry Haynie, the veteran Balti-more Cross Country Club harrier, swept under the wire a good sixth, after getting away to a bad start. The distance, eight miles, was too shor for the veterans, but proved just the right distance for the novices, all of whom showed good form all the way Sam Martin, the Western High Schoo lad, looked well, finishing fourth, while Ed Taber, the former Tome lad showed real form in the distance, with nifty third in his first attempt at

There is certainly nothing in golf that can so completely wreck a player's confidence and break up his entire game.

Many Reasons

There are so many things that may cause socketing or shanking or heeling that the average instructor usually needs a lot of time before he can find just what is bringing on in individual cases. Frequently it comes from stand-

The next point he might take up is not to use too flat a swing, to keep it a little more upright. This will come easier if he is standing closer to the ball than he normally

Another important point to take up is to keep the weight more upon

Letting the weight fall forward on the toes is bound to throw the body forward in the course of the down stroke, and this brings the heel of the clubbead into the ball. With the weight back more upon the heels this falling forward can be done away with. The Next Step.
